TWELFTH YEAR

## BISHOP MILES OF SMITHFIELD DIES SUDDENLY

Leaves Large Family and Big Commercial Interests. Funeral Services to be Wednesday Afternoon

Smithfield, Nov. 1.—Bishop E. R. Miles, a most highly esteemed resident of our city died on Saturday from cerebral hemorrhage. He was at the Halloween party Friday evening and felt a dizzy sensation while dancing. His son Leonard accompanied him to the house across the street his left arm soon became paralyzed then his feet. A physician was summoned who pronounced the case a hopeless one, but sent for other medical men who agreed with the first diagnosis. The bishop seemingly realized no pain as he gradually sank into unconsciousness until the end came at one o'clock on Saturday. To make the case more sad, his wife and daughter were on a visit at Boise with the oldest daughter. They left on the first train out of Boise and arrived at Cache Junction a few minutes after he passed away. Several automobiles and friends were in waiting at the Junction and they arrived here some minutes later. Four sons were in attendance.

Edwin Ruthven Miles Jr., was the son of Edwin Ruthven Miles and Jane Ruth Wakefield, he was born October, 1858 at Big Cottonwood, Salt Lake county. He married Annie G. Smith, January 9, 1879. The fruits of this union are seven children, George E., Edwin R., Leonard, Johanna, Hazel Vern, Maurice Ken, who survive and Jane Ruth, deceased.

Brother Miles has been an indefatigable worker in the church being ordained in the successive quorums and on November 11, 1890 was ordained a bishop of the First ward by Apostle Orson F. Whitney. Besides this he has filled many positions of honor and trust both in civil and religious fields. He has a wide reputation in commercial pursuits being the leading merchant of our city for a number of years, was president of the Commercial Bank, president of the Brick and Tile Company, president of the Smithfield Lumber Co., and also the Smithfield Implement Co.

He is one of the men who has watched the development of our city, coming here while a small boy and has borne his share of the burden in the growing and development of most of our enterprises.

## WARM WELCOME ACCORDED SEN. SMOOT IN CACHE

Cache county Friday night was enveloped by a tidal wave of enthusiasm for Senator Smoot, Congressman Howell and the entire state and county Republican ticket. Seldom if ever before in the history of politics in Cache county has campaign enthusiasm reached such a degree of intensity. It was the first time of the present campaign that any of the candidates for either the Senate or lower house of Congress had appeared on the platform in Cache county, and laid before the people the real issues of the campaign. The voters were aroused as never before and Friday night when Senator Smoot, on the last lap of his swing around the county entered Nibley Hall, the 1600 citizens assembled gave him an ovation such as perhaps has never been equaled in Cache. Senator Smoot's coming to this county and the address which he delivered on the issues of the campaign was like a tonic to the voters. The great number of Democrats and former Progressives in the audience applauded Senator Smoot as heartily as the old-line Republicans, and after the meeting, life-long Democrats were giving expressions of their approval of the Senator's theories, and wore smiles which gave evidence they would give him a vote of confidence at the polls today.

As the father of his ward, few men could have been his peer. His ward in a few years has built one of the most modern and convenient tabernacles in the state. In times of sickness or need he was ever ready to give assistance and few men in our city, if any were sought after and made the confidential advisor that Bishop Miles was. Though he has lived a short life, it was surely a useful life and he answered the final summons with implicit confidence in the existence and promises of a creator.

Funeral services will be held on Wednesday at 2 p. m. The street cars will wait until after the funeral for the accommodation of people from the south end of the valley.

## A CHANCE TO HELP EUROPEAN SUFFERERS

The work of the Red Cross Society is the one bright spot in the dark picture presented by warring Europe. The appeal made by Governor Spry who is President of the Utah Branch of the Red Cross Society cannot fail to reach the hearts and the purses of all citizens. He reminds us of our own good pastime and prosperity and urges that we give liberally and give at once to help relieve the unparalleled distress on the European battlefields. We are now given an opportunity to repay the debt of gratitude we owe European countries for the 1,000,000 sent the United States at the time of our war with Spain.

In Logan the A. C. Woman's Club has undertaken to swell the Red Cross fund by giving a dance at the Pavilion on Thursday night, November 5. A special feature of the evening will be a demonstration of the newest dances by Professor Charles Bechtel of Salt Lake City (Hotel Utah).

Come and show your interest in this great and worthy cause.

## OUR PAVEMENT IS INSPECTED

No Better Pavement in The State, Says Chief Chemist For Utah Portland Cement Company.

Commissioner James Larsen and Engineer Roy Bullen have had the pleasure of accompanying O. C. Hart, chief chemist of the Utah Portland Cement company over the street paving in this city. Mr. Hart is a man of authority on concrete pavement, having inspected practically all of the concrete pavements in the United States. His entire professional career has been directed to the scientific manufacture of Portland cement and it is certainly a pleasure to property owners as well as city officials, to hear from Mr. Hart that our street paving is without question the best in this state and will compare favorably with any concrete paving he has ever inspected. The materials have been carefully selected, the subgrade, upon which the pavement is placed, the coarse and fine aggregate and the methods of placing are ideal, was the verdict of the chemist.

The company for which Mr. Hart is chemist, manufactures one of the best brands, if not the best, manufactured in the west. The output of the plant is 1000 barrels per day.

Historical.  
As the great Swiss patriot aimed his arrow at Gessler, he said to himself: "Blood, Will Tell!"

## All Persons Who Wish to Vote

the Republican ticket will find it in the THIRD COLUMN ON THE OFFICIAL BALLOT. That there will be no confusion, it is headed by the Eagle, with outspread wings.

It is sufficient to place a cross under the Eagle and voters have then cast their vote for every Candidate on the Republican Ticket.

## SUBSCRIPTION FUND HEADED BY LOCAL BANK

Makes Appeal in Behalf of Starving Belgians. American People Should Act Promptly

November, 2, 1914. Logan Republican:

The earnest plea of King Albert of Belgium to the American people to keep his subjects from starvation through the coming winter, must certainly come close to the hearts of American citizens.

The committee in charge of the relief of the 7,000,000 Belgians, make it clear to the world that unless relief comes quickly to that nation, thousands of people will be lost through starvation. The cost per month, we are told necessary to maintain life will be between \$4,000,000 and \$5,000,000.

## SELECT A NEW OFFICE MANAGER

Hyde and Thompson Building Company Associate With Them Mr. William M. Howell.

With the resignation of O. Guy Cardon as office manager for the Hyde and Thompson Building company, comes the announcement that Wm. M. Howell has been selected to fill the vacancy. This company will move its offices in the very near future to the building on First north street which will be vacated by the Utah Power and Light company. The latter company will occupy the building in which the Republican headquarters are located on Main street.

Mr. Howell will become actively identified with the building company as office manager. Gordon Hyde will be the sales manager and Elijah Thompson will be the construction manager. Mr. Cardon expects to launch out into business for himself and has taken a lease on the store room being completed in the new Hotel Logan.

## SOLDIER'S BONES ARE RECOVERED

Vera Cruz, Nov. 1.—A few charred bones, all that remains of the body of Private Samuel Parks, the orderly of Colonel Taggart, who was executed last summer by General Huerta's troops, were returned to the American authorities here today. There was nothing by which identification is possible, but additional evidence of his death was secured from a Mexican at Tejeira, a short distance from here, where the Mexican soldiers killed the American soldier and buried his body. The Mexican claimed that he witnessed the tragedy.

An American army surgeon and two assistants entered the Mexican lines by agreement with the Mexican government and recovered the fragments of Park's body.

Mrs. Johanna Larson

## MRS. LARSON LAID TO REST

Funeral services for this good woman were held in the Sixth ward chapel on Saturday.

Mrs. Johanna Larson, beloved wife of Ola Larson of the Logan Sixth ward, was laid to rest last Saturday. The funeral services were held in the ward chapel. The speakers spoke of Mrs. Larson in the highest terms, praising her for her womanly virtues. The speakers were Walter Barber, B. M. Lewis, John E. Carlisle, John A. Widsoe, Andreas Peterson and Bishop Oscar F. Rice. The grave was dedicated by Bishop Rice. The services were opened by prayer by Samuel Holbrook. Benediction was offered by R. P. Bradshaw. The ward choir furnished the singing. Arthur Olsen rendered a solo. The floral offerings were most beautiful.

Mrs. Johanna Larson, wife of Ola Larson the local florist and market gardener, was born October 12, 1843 in Sveborg, near Helsingborg, Sweden. She died October 28, 1914, (of pneumonia) Logan, Utah.

While in her native land she married Ola Larson, and to them were born ten children. Her early life was filled with hardships, her parents being very poor. In 1874 with her husband and three daughters she emigrated to New Zealand to assist in colonizing that country for the English. While en route another daughter was born, the nearest land being Cape of Good Hope, Africa. The journey by sea required sixteen weeks and was a very severe trip for her. Arriving in New Zealand she set to work to help her husband make a new home, working very hard. While there she became acquainted with the gospel through Elder Thomas Shriveles of Salt Lake City and embraced the same with her husband and family, October 16, 1878. She soon became an active worker in the church, using her influence with others until she added a number of converts to the faith. While Elder William Bromby was president of the Australasian mission he appointed her as president of the Relief Society of this mission which included Australia, New Zealand, Tasmania and the South Sea Islands. This position she held until she emigrated to America in July 1885. At the same time she attended to her household duties faithfully often dressmaking to help the Elders who continually lived at her home. This extra call upon her strength told upon her health in after years, causing her much suffering and affliction until death came to her relief. Four children were born to her in New Zealand, two sons and two daughters and two daughters were born in Utah. She continued to labor in the Relief Society in which organization she worked as a teacher for twenty years in the Logan First ward. She was known for her generosity, kindness and hospitality. She was never happier than when she was giving to those in need. A host of relatives and friends are left to mourn her loss. Three children preceded her to the other world and seven remain behind with forty grandchildren and two great grandchildren.

The names of the living children are as follows: Mrs. Joseph Ber of Arbon, Onelda county, Mrs. A. C. Brown of Wood.

## BELGIAN KING ASKS FOOD FOR HIS SUBJECTS

Writes Pathetic Message to American People While Under Fire at Battle Front Near Dunkirk.

London, Oct. 31, 5:20.—Albert, king of the Belgians has asked the American people, through the American commission, for relief in Belgium, to help feed his starving people during the coming winter.

The king's message, written under fire in the battle before Dunkirk, follows:

"I am informed that American officials and citizens in Belgium and England are working to save my people from the horrors of famine which now threatens them. It is a great comfort to me in this hour of sorrow and misfortune to feel that a great-hearted, disinterested people is directing its efforts toward relieving the distress of the unoffending civilian population of my country.

"Despite all that can be done the suffering in the coming winter will be terrible, but the burden we must bear will be lightened if my people can be spared the pangs of hunger, with its frightful consequences of disease and violence.

"I confidently hope that the appeal of the American commission will meet with a generous response. The whole-hearted friendship of America shown to my people at this time always will be a precious memory."

(Signed) ALBERT."

## CACHE APPLES FOR BIG FAIRS

Over One Hundred Boxes of Choice Fruit is Being Collected.

Anton Pehrson of Logan has been appointed a Special Deputy Horticultural inspector by the state horticulturist for the purpose of inspecting fruit for the larva of the codling moth and San Jose scale and other scale insects. He has also been engaged to collect apples for the San Diego and San Francisco fairs. Over one hundred boxes will be selected and sent to Salt Lake where they will go through a special process, repacked and sent on to their destination.

Speaking of the apple crop, Mr. Pehrson said it never was better in the valley. There are many choice apples everywhere. He advocates every business man sending a box to the fairs in the east from which they make their purchases. In this way he contends, we would get our fruit advertised in a way that could not be accomplished by any other source.

## U. A. C. PLAY ON THE CAMPUS

The Perivig Club dramatic organization of the U. A. C. students will play the "Romancers," a romantic comedy by Rostand, author of Chatterbox, tomorrow night on the campus. The public is cordially invited to be present. There will be no admission fee. Tomorrow night at 8 o'clock.

## CARD OF THANKS.

Mr. Ola Larson and family desire to thank their friends and all who assisted in any way during the death of their beloved mother and father in her home here when they were through.

DAVID D.

## A GOOD WOMEN GONE TO REWARD

Elizabeth Cranney Answers Death's Call. Funeral on Thursday.

Elizabeth Cranney, wife of the late H. K. Cranney, died yesterday at her home in this city at the age of 65 years. Mrs. Cranney was born in Monmouthshire, England, in the year 1849. She came to Salt Lake with her parents in the year 1854 and later moved to Logan where she became the mother of ten children, five of whom preceded her to the grave.

The funeral services will be held in the Logan tabernacle on Thursday at 1 p. m.
